

Repairs Holes and Cracks in All ...

HVAC/R

Tubing and Pipes

2 PART • 3 STEP INSTANT REPAIR

- COMPLETE KIT -

Easy as: A+B+A

- Complete Repair In Seconds -

**LIFETIME PERMANENT REPAIR
1800 PSI CONTAINED PRESSURE**

REPAIRS HOLES AND CRACKS IN ALL **HVAC/R** TUBING AND PIPES

Tested to 1800 psi contained air or refrigeration pressure

Instant HVAC/R Patch is the combination of high strength bonding fluid and specialized bonding cells. The bonding fluid has an affinity for the bonding cells and when the two are combined, they form a high strength bond similar to a "weld" that permanently seals holes and cracks in all types of pipe and materials used in the HVAC/R industry.

Includes: Complete Bilingual Instructions.

- 1- Multi-functional Applications Tool
- 1- Part "A" Bonding Fluid with Application Tip
- 1- Part "B" Bonding Cells with Application Tip
- 2- Precision Application Brushes
- 1- 60 Grit Sanding Patch

Repairs lines, drains, coils, in copper, aluminum, stainless steel, iron, PVC, CPVC, rigid plastics, and much more.

- Works on Aluminum.
- Compatible with all refrigerant oils.
- For use on 410 systems.
- For use on coils and lines.
- Repairs leaks

Easy as: A + B + A

STEP 1

After sanding, apply **BONDING FLUID (A)** to repair area

STEP 2

Apply **BONDING CELLS (B)** on top of (A)

STEP 3

Apply **BONDING FLUID (A)** on top of (B)

SPECIFICATIONS:

- Holds 1800 psi contained pressure
- -60°F (51°C) to 200°F (93°C)
- Shore D 85+ hardness
- Non-toxic and safe to use on all potable water systems.

WARNING!
DO NOT INGEST.
BONDS SKIN
AND EYES IN
SECONDS.

CAUTION: KEEP OUT OF REACH OF CHILDREN
Read Instructions and Cautions inside package before using.
Warranty limited to replacement of product.
